School States Referendum Info

EDITORS NOTE: The following is a press release prepared by the Antioch High School Administration and Referendum Publicity Committee regarding the March 25th Education Fund Referendum.

The Board of Education and the Administration for Antioch Community High School District 117 will present the voters of the District with an opportunity to approve a forty cent increase in the Education Fund Tax rate on Saturday, March 25, 1972.

The Board has not idly arrived at this request for a tax rate increase. It has focused on two primary goals. One was to maintain a conservative fiscal attitude, and the other was to provide the community with an active, good educational program. The record would indicate that both goals were reasonably accomplished.

It has been necessary for the Board to spend in excess of its actual revenue receipts for some seven years. At the first signs of deficit spending the Board did not rush to the voters with over-active requests to "ball us out." With fiscal restraint and a calculated

examination of resources, the Board planned to maximize the effectiveness of the educational program, and also hold the line by carefully examining our expenditures. This kind of action has paid off for our community taxpayers. A request for additional rates in the Education Fund has successfully been delayed for seven or eight years. At the same time we have not had to borrow from outside sources, and, therefore, have avoided paying institutional interest rates, until the current school year.

It has been some fourteen years since any adjustment has been approved in the Education Fund rate. Recent information provided by the County Superintendent's Office indicates that as of now, Antioch Community High School has the lowest Education Fund Tax rate in Lake County. Since the last Education Fund Tax rate increase, student enrollment has doubled from approximately 658 to 1357. The teaching staff has also doubled in that same period from 34 to 67 (The number of teachers has been reduced from 70 in 70-71 to 67 in 71-72 as part of a \$100,000 reduction in the Education Fund). Building size, and subsequently employment of related personnel, has more than doubled.

10	North Chicago	.920		11	Grayslake	1,150.00	
10	Antioch	.920		12	Zion Benton	1,070.00	

The above figures depict our financial dilemma in a nutshell. We have the lowest Educational Fund tax rate in the County, but in trying to maintain a sound educational program our cost Per Pupil has ranked us in the upper half of the county. Our Cost Per Pupil for 71-72 will be somewhat less than 70-71, because of \$100,000.00 having been cut out of the Education Fund at the beginning of this school year. The cost per pupil figures take into consideration the fact that the salaries of teachers and other staff members are now near the bottom also on a county-wide high school comparison.

*Tax Rate Per \$100.00 Assessed Valuation

The Board is hopeful this reflects to the community the prudent fiscal policies which have been in effect. These policies have enabled our school to consume this tremendous growth, and, yet maintain a constant Education Fund Tax rate, until recently.

Home Rule Doubtful Question

The concept of Home Rule, while extremely attractive on the surface, contains many of the hidden pitfalls that hastily constructed, although well meaning, measures have been noted for.

Home Rule is a laudatory and crucial measure designed to provide local autonomy for the States counties. However, before passage at the March 21st election, the proposal should be assessed in the light of several current drawbacks.

Many people feel that powers given to counties under Home Rule are blank checks that need a more adequate description and certain limitations. For instance:

While the power to license has been an accepted regulatory practice,

licensing under Home Rule would work under no limitations on what professions may be included. In fact, since the general assembly could, by a three-fifths vote, allow this practice to become a source of revenue it's powers are too wide and ill defined.

Home Rule could mean a horde of new or increased taxes. While the Home Rule proposal does not permit income, earnings or exceptional taxes, here again a three fifths vote of the general assembly would allow it.

A similar vote of the General Assembly can take away the powers of taxation.

Home Rule could mean a double tax for some county citizens. Highland Park, North Chicago and Waukegan have already become Home Rule cities, by

LINKLETTER FEATURED IN DRUG ABUSE FILM

The growing epidemic of drug abuse is "On Your Doorstep." This is the theme for a community action program to combat drug abuse that will soon begin in the Antioch area.

The program will be kicked-off with the showing of a one hour movie featuring entertainer - anti drug abuse advocate, Art Linkletter.

Linkletter has had a tragic personal involvement with the drug abuse problem. His daughter, Diane, left to her death from a sixth floor apartment window while apparently suffering an hallucination from LSD.

The film has received the highest acclaim from educators, government officials, clergymen and law enforcement agencies. It has been termed "thorough, exhaustive and understandable."

The Antioch Parent-Teacher Association is sponsoring the one-hour film which will be shown on Wednesday, March 1st. A 7:45 air-time has been listed with refreshments and discussion following. Everyone is invited.

According to Linkletter, "we must get neighborhoods and communities to think and work together. They must be moved by the urgency of the problem."

NO CHOICE- NO CHANCE

Elections, traditionally are ignored by better than a quarter of the voting population. Current political developments have shown that there is little reason for new found hope.

Although the technique has been well documented by a recent best seller, the general public may be unaware that many candidates are not actually running for office but are being packaged and offered for purchase at the price of your vote.

Image and appeal are foremost to these "consumer candidates", with issues a poor third.

Fearing to alienate even one potential voter, candidates make innocuous and timid statements. Often changing them to suit the crowd they are appearing before, or merely repeating them over and over during the course of a campaign.

It is indeed a sad state of affairs, when the American Public is faced with the choice between two "non-candidates."

If current partisan election strategy has broken down to a popularity contest, after which no one is quite sure what they have gotten, it is time for us to take a long hard look at it.

But who is the real victim? Certainly not the public, who has given its consent, at the last several elections, to lift the burden of intelligent choice from its slopping shoulders and exchanged it for a less complicated process.

It is by our express lack of concern, that this intolerable practice survives. And so, logically it is up to us to rectify the damage.

Only when we demonstrate that we will not permit a "non-choice" will the occupants of convention halls, caucus sessions and smoke-filled rooms, stand up on their spindly, varicose legs and take heed.

It is time we demand more from our candidates than a reassuring fireside chat or youthful image. It is our right as voters and our duty as citizens to demand positive constructive statements of policy and a well defined course of action the candidate will pursue if elected.

We, as citizens of this great nation, have much too much at stake to expect less.

Letters to the Editor on any current issues are welcome. Only letters with names can be considered for this column. Signatures will be withheld on request. Letters cannot be returned and are subject to minor editing.

These letters have been reprinted with the permission of the Antioch High School "Tom Tom" Newspaper Staff.

A subject of great significance, but not very familiar to the students is that of the tax referendum. Since it is of great importance and since the students are the ones who will be affected the most, we felt it our duty to inform you just what the tax referendum is all about.

We (Mark Gilday, Reed Ayo, Tuffy Englehardt, Chris Taylor) decided we wanted our information first hand, so we made an appointment for an interview with Mr. Dittman and Jack Smith, business manager. They cooperated with us completely and gave us all the information needed - and also asked our advice on a few matters.

First of all, just what is the tax referendum? The tax referendum is a raise on local property taxes in order to increase needed funds for District 117. The school budget is separated into funds, by law. The education fund is where we are short on money. This fund is often subject to tax rate increase because of the several general areas listed under it, one of them being instruction. Other things in this fund are salaries for all certified people and the cost for all moveable equipment, which are both quite expensive items.

Now, to look at the technical aspect of it - How much is needed? The amount needed is an additional 40 cents per \$100 of assessed valuation (worth of all taxable property in District 117). The present assessed rate is 92 cents per \$100, so the Board wishes it to be raised to \$1.32. The people must vote on this. The tax rate increase, if approved, would raise an additional \$300,000 per year for ACHS to offset our current deficit of \$200,000 per year. The money would not become available until the 1973-74 school year, so actually it would be barely enough to make up for the deficits. And you can imagine how in debt we'll be if it doesn't pass - cuts would have to be made.

This 1971-72 school year, the Board of Education was forced to decrease the budget by about \$100,000. I'm sure many of you were affected by this. For example, Summer Music Camp was cut, Mr. Edwards was not replaced and two teachers were eliminated from the faculty. All supply budgets were cut by 10 per cent. Audiovisual funds were cut. Equipment was cut 60 per cent for the 1972-73 school year; French will be cut.

Think for a minute - if a \$100,000 cut is made and affects you THAT much, what is a \$300,000 cut going to do? There's no doubt about it - the students are going to be shorted. Now, don't begin growling and complaining about the Board of Education - it's not THEIR fault. We're in debt, they don't like to make cuts. It is unfortunate but some things they are forced to do. They would love to agree to not decrease any funds, etc., but if there's no money - they haven't a choice. The job of a

Board member isn't a joy ride. It's a thankless, unpaid, lengthy, difficult job that calls for long hours and is always subject to complaints and criticism.

Okay, now you want to know what will be dropped, if the referendum doesn't pass and who's to say what should be dropped? Both of these questions cannot be completely answered, but what CAN be said SHOULD wake you up enough to help gain your SUPPORT for the referendum and cause you to become involved with it - before it's too late.

It can't be said definitely what would be dropped, but the method the Board uses is that of priorities. That sounds easy enough - but wait a minute, who's to say what "priority" is? To a basketball player, spectator, cheerleader, pep club member, colorguard member, etc. BASKETBALL is most important. The same applies to wrestling and all other sports. But definitely, ATHLETICS is an expensive program and not one of the requirement. To a band or choir member, the same applies. Yet the Music Department, too, is an expensive program. This is where the trouble begins.

When we were speaking to Mr. Dittman and Jack Smith, they wanted to put us in their shoes for a moment. They asked us what we thought could be successfully dropped and why. We started thinking about it, and it opened our eyes quite a bit. Each of us was involved in one thing or another and each was reluctant to give it up. The subject of dropping Athletics came up and there was a small debate between two of the reporters, and both sides of the argument were strong and both had a good point. One said that Athletics is to learn. The other said that although school is for learning purposes, many students live for sports and probably would quit school if there weren't any. Also apathy would be even greater than it is now. Both of them were right.

Well, these difficult decisions would have to be made by the Board, but they are open to suggestions. On February 23, they will meet with student representatives and P.T.A. to form a planning committee because they want to know how we feel about this important matter.

Everything is depending on the vote of the people... and the 18 year old vote could affect this greatly.

YOUTH MUST

ASSERT ITS RIGHTS

Let's all get out and get our parents to vote - and those of us who are 18, USE your new power. We, the students, are the ones who will be shortchanged. Consequently, it's up to us to PROMOTE and SUPPORT the tax referendum. After all, we owe it to ourselves. WE CAN'T AFFORD TO PERMIT SOME

OF THE LESS INFORMED
AND LESS CONCERNED OF
OUR ELDERS TO TAKE IT
FROM US.

Youth, SPEAK OUT!
Referendum date - Saturday,
March 25 - 12:00 to 7:00 P.M.

Tuffy Englehardt

What would we, the students of Antioch High, do without football, basketball, wrestling, G.A.A., "A" Club, band, choir and all the extracurricular activities that we enjoy so much and derive many benefits from?

What would happen to Antioch High without any health clinic, special educational classes or guidance and counseling?

You ask "Why do you ask us this?" We hear at Antioch have all this plus much more. What is this all about?

The date for the vote on the upcoming tax referendum is March 25 from 12 to 7 p.m. On this date the fate of Antioch High will hang in the balance.

To inform those who don't know, the tax referendum will be voted upon to increase the education fund. Operating under the existing budget (divided into funds by law, the education fund being the major issue now) this year we are spending \$200,000 more than we are bringing in. Not only that, but during the school year 1971 - 72, the board decreased the budget by \$100,000. By doing this, they had to eliminate financial help to various things, such as Summer Music Camp; they had to decrease equipment funds by 60 per cent, (that's why in the woodshop, new blades can't be bought for the saws) supply funds by 10 per cent (that's paper, books, etc.) and they also had to eliminate extended long term contracts for some teachers. Next year the board may have to cut expenses, maybe as much as \$200,000.

You say, "Gee, what can we do?" What can you do? The 18 year-olds can get out and vote YES for the upcoming referendum. Please vote. Because if the referendum isn't passed and the budgets are cut drastically enough, Antioch High will lose much more than you think. The graduating Seniors in the classes to come might not be able to get into college because we won't be certified. If the referendum is not passed, we and only we, the students of Antioch High, are going to be the ones to suffer with a "stunted" education. And there's nothing we can do... except get out and vote! Vote to keep our present high school program and to constantly keep improving it, so that WE and those who follow us won't be deprived of a well-rounded education.

State Bank President Bill Brook presents luggage and airline bag representing overseas trip to Mrs. Margaret Webb as part of the ceremonies honoring the retiring employee.

"Peg" Webb Retires

Forty-five years of service to the State Bank of Antioch and the people of the community has ended this week for Mrs. Margaret Webb. Mrs. Webb will vacate her tellers cage and bank duties for the first time in nearly half a century.

She began her tenure at the bank as Lindbergh flew the Atlantic and retires as men on the moon are a common occurrence.

Through all her years of service Mrs. Webb best remembers all the "many, many friends I made and people who kept coming back."

Modesty alone kept Mrs. Webb from relating the many examples of her long years of devoted service.

One former co-worker recalled, "I can't remember her missing a single days work in eighteen years I was there. Her work was very, very important to her. We used to kid her about when she was going to

retire." "She made many, many friends while she worked for the bank," said another fellow worker. "SHE was the bank to them. She could handle all of their banking needs at her window. She put a lot of extra effort into her work and went all out to help bank patrons."

Another co-worker noted "she has a tremendous personality and that Irish smile of hers was a real charmer."

As a final tribute to her years of service the State Bank of Antioch held a recognition party in her honor. Mrs. Webb, in addition to the well wishes of her fellow employees, received a three piece set of luggage and a check to help her make an extended vacation trip possible.

factor is an examination of the school's fiscal position when a rate increase became necessary some fourteen years ago. The Board at that time was not asking for money to build a large cash reserve or to vastly expand the educational program. The increase at that time was necessary for the same reasons as today. The growth of the pupil population was increasing, and regardless of budget pruning or reduced educational programs, taxes receivable could no longer reasonably be expected to balance the ratio of expenditures and revenue.

We are in a similar position today. Drastic curtailments of programs or

personnel has not been a satisfactory answer to the Board or Administration, since it was the implementation of these same programs that have earned us favorable accreditation ratings from various State agencies. Favorable ratings from these agencies are necessary for our survival as a public school.

The Board believes the community wants to retain a good educational program, having been provided evidence of sound fiscal controls. It is with these thoughts, and facts, that the voters of our school district are being asked to support this request for an Education Fund Tax increase.

Home Rule Doubtful Question

Cont'd from Page 1

virtue of their 25,000 plus populations. Citizens of these cities could be subject to both county and city Home Rule taxes or could be exempt from county taxes: reaping the benefits, while assuming none of the burden.

The power, under Home Rule, to incur indebtedness without voter approval, strikes to the heart of the foundations of this nation: taxation without consent. Cook County, already under Home rule, is currently being sued by taxpayers groups to repeal taxes on new autos, mobile homes and a vehicle tax on persons living in unincorporated areas of the county.

Delegates to the constitutional convention imagined the county "Chief

Executive" as an able administrator. However, under the first hasty method of selection, party officials not the voters will decide who will wield the executive's powers. Selection by party officials would almost certainly mean a purely partisan stance by the county Chief Executive.

Members of the County Board and even some members of the Legislative Committee who prepared the Home Rule report view the proposal as it now stands as worthy of suspicion.

The Home Rule proposal is, in our estimation, so honeycombed with conflicts, uncertainties and grey areas that a "wait 'till next time" attitude is not without merit.

H.E.L.P. Center New Name Humanistic Society for Antioch

The Antioch Humanistic Society has announced a new name for its program of counseling for children and adults. The program will be titled the H.E.L.P. CENTER (Helping Everybody Live Productively).

The H.E.L.P. CENTER Advisory Committee is made up of concerned citizens, and they are anxious to develop programs which meet the needs of the community. During the next month there will be two programs attempting to define the problems that need attention.

On Sunday, March 5th,

there will be a Community Rap Session, bringing together youth and adults from the area for a day of discussion and interaction. The meeting will be from 1:00 p.m. to 8:00 p.m., hosted at the Society's Camp Antioch quarters on Channel Lake. Anyone interested in attending this meeting can call Karen Kumbars at 395-2790, or the Society office at 395-5701.

During the week following, the H.E.L.P. CENTER advisory committee will be conducting a telephone survey. They want to talk to people about the problems and needs of the area.

The next meeting of the H.E.L.P. CENTER advisory committee will be on Wednesday, March 15, at 8:30 p.m. at the home of Dr. Tom Smith. Anyone interested in working with the new program can call either of the above members, or Ray Kerby, acting committee chairman, at 395-0524.

The H.E.L.P. CENTER is now operating programs of child study, marriage and family counseling, and groups for teenagers and for adults. The committee reports service to over 30 clients already in 1972. The goal is to build an area program of meaningful help for people who hurt psychologically.

The Antioch Humanistic Society is a state chartered not-for-profit corporation, designed to provide human problem solving and developmental enrichment programs. The Society is non-sectarian, and programs are available to all persons of the area, regardless of race, color, creed or nationality. Information on the Society is available on request.

HOMESTEAD EXEMPTION FOR 1972

The Circuit Court of Cook County has made a decision which held the the homestead exemption law to be inapplicable to assessments made in 1971.

Under the Constitution of 1970 the Board of Review will again accept application for the Homestead Exemption for the assessment year 1972 after March 1, 1972.

These applications may be filed at the local Assessors offices or at the Board of Review office Room A-603

County Admn. Bldg., Waukegan, Illinois. Office hours 9:00 a.m. to 5:00 p.m., Monday thru Friday.

The new homestead exemption law, adopted under the authority of the new constitution of 1970, provides for an exemption limited to a \$1500 maximum reduction from the value, as equalized by the Department of real property which is occupied as a residence by a person 65 years of age or older on January 1, 1972.

I've been hearing a lot of kids complain there isn't anything to do in Antioch, especially during the winter. So the question I asked this week is:

"WHAT RECREATIONAL FACILITIES WOULD YOU LIKE TO SEE INSTALLED IN ANTIOCH?"

MRS. WILLIAM LEPSI, of Lake Marie, Antioch, would like to see a new roller rink.

MRS. RAYMOND SMALL of Orchard Street, Antioch, would like to see a place for dancing and a decent motion picture theatre.

MR. ZIMM, of Klondike Avenue, Antioch, would like to see a softball field that would be lit up for nighttime playing, and also a flying field for model airplanes.

JIM (HARVEY) KRETSCH, of Route 173, Antioch, has a few excellent suggestions. He said he'd like an authorized place for off-the-road use of motorcycles. He added, "It would be fantastic if someone out in the country would let us (Motorcyclists) use some of his land for scrambling." (Anyone interested in lending their land for this purpose, contact me through the Antioch News.)

He also thinks Antioch needs an outside hockey rink. He said, "From what I gather, the building of a rink would cost under \$600.00. If the Village would help maintain it, it would be no problem. There are so many kids that play hockey, it would be worthwhile."

DARNELL RAY, of Deep Lake Road, Antioch, mentioned that he would like to see a YMCA club formed.

MRS. EVERETT QUEEN of Deep Lake Road, Antioch, would like to see a "Travel Club" formed. A club where

the people would charter a bus and visit interesting places. This would be very good for the older and retired people who do not drive and would like this type of recreation.

CHERYL FRAD, of Oakwood Knolls, Antioch, would like to see a rec hall with a pool table, ping-pong table, pin ball machines, restaurant, etc., in it. A place where kids could go eat and rap without being told to leave. She said, "The cops don't like the kids to park in the parking lot, but what else is there to do?" The building where the old Ben Franklin used to be would be a good place to have it, she suggested.

MARY PALASKE, of Hillside Avenue, Antioch, would like to have an indoor swimming pool and tennis court installed in Antioch.

I, myself, love to swim in the summer. I would like to see the Antioch pool stay open until midnight instead of closing at 8:00 p.m. Also this summer I hope someone is assigned to take better care of the tennis court by the swimming pool. It had so much sand and dirt on it last year, that GEARY SLAGLE ripped his pants when he fell down!

I may seem to register a lot of complaints regarding Antioch, but I think it's the best town to bring kids up in. Peace till next week.

Remember When?

Remember when? We don't, but maybe some of you do. It is Antioch or the people from Antioch. For the next few weeks we will publish a photo from a time long past in hopes for some it might spark a fond memory.

If you should happen to know when and where, let us know! We would be very much interested. Also if any of you have a very interesting "remember when" photo of Antioch and would like to share a memory with others, we will try to print it for you.

And the curtain comes down on another fine production from the PM&L Theatre ... But fear not! Sunday, March 5 at 2 p.m. are tryouts for the Spring performance of **WAIT UNTIL DARK**. All out now!

The ED WARNER residence was the location for a "Champagne party" in honor of **FATHER FRANCIS JOHNSON**, new Pastor of St. Peter's Church. Many, many, old friends were there to wish him well...

The STATE BANK honored **MRS PEG (BOB) WEBB** at a buffet at the Antioch Country Club last Sunday evening, in honor of her retirement after 45 years with the bank. It was a great night for Peg. The going away gifts surely showed how much she will be missed.

Thursday, March 2, tune your radio to WKRS, and hear Superintendent A. DITTMAN, GLEN AMUNDSEN, Vice-Pres, of the Student Council at Antioch, and KEN WIERSCHEM, Education Associate who will discuss the forthcoming (March 25) tax referendum with Larry Leafblad, of the radio station. They will be broadcasting from Holiday House in Fox Lake.

Happy Birthday to **STEVE HALEY, MIKE GUTOWSKI**, and **EV OTTEDAHL** today on March 1. On March 4th to **HARRY ARNDT** and to **COLETTE QUINN** on March 10. Happpys to **FLORENCE THOMAS** on March 9.

Don't forget the **SOPHOMORE BASKETBALL Invitational Tournament** this Saturday, March 4 at 12:30 in our High School Gym. More information is on the Sports pages.

Take in an informative and entertaining evening tonite, as the PTA is sponsoring a **FREE** movie in the auditorium at the high school. The movie will begin at 7:45. It is "A movie about drug abuse", directed by **ART LINKLETTER**...

Get well wishes go out to **RUTH DUHA**. Hope you are up and about real soon.

Our condolences go to the families of the boys in the recent accident; and foremost to the **LASCO FAMILY** on the loss of their son and brother, **Robert T. Lasco**.

Heard that the Village was going to remove some trees on Lake Street, February 22. An appropriate day, Washington's Birthday. Any Cherry trees among them, **TOD**?

Those Antioch **FIREMEN** sounded like they had a good time at their annual ladies nite ... A late, late breakfast was served at the **CARNEY** home for over 16 of these "nite owls!"

Hope you all went to the **VILLAGE HALL** and had cake and coffee for **OUR VILLAGE BIRTHDAY**. We can all be proud of our town!

Enough for today, on my way,

Annie Mae

The Antioch Woman's Club held its regular meeting on February 21st. A short business meeting was held. Members were reminded of the card party to be given on Monday, March 13th at 1:30 P.M. at the Antioch Savings and Loan.

An interesting program on Mental Health will be presented on station WZBN on March 7th at 8:15 P.M. A discussion on the

hydrocephalic child should be very enlightening.

Mrs. Max Jester gave a short talk about an Indian community near Boulder, Wisconsin. These families are very poor and have no schools. A group of interested people are trying to provide help by starting a Pre-school. They are hoping to stimulate the interest and desire of these people to carry on. Each member of

the Woman's Club was urged to bring to the March 6th meeting any discarded materials such as egg cartons, plastic bottles, boxes; in fact anything to be used in projects with small children.

After the meeting a pot luck luncheon was served the theme being "Pot Luck Italian Style" but every kind of delicious dish was to be found on the buffet table.

After luncheon cards were played by the members and their guests.

Mrs. Ben Albergo and her committee were hostesses.

The next regular meeting of the Antioch Woman's Club will be on March 6. It will be guest day.

The program will be "The Inner You" presented by Lucille Kazmark. She does personality and self-analysis using the study of body type, head, face and gestures. Miss Kazmark will demonstrate by analyzing 2 or 3 people from the audience-finding their likes, dislikes, areas of talent and work possibilities.

Miss Kazmark is a graduate of the University of Michigan.

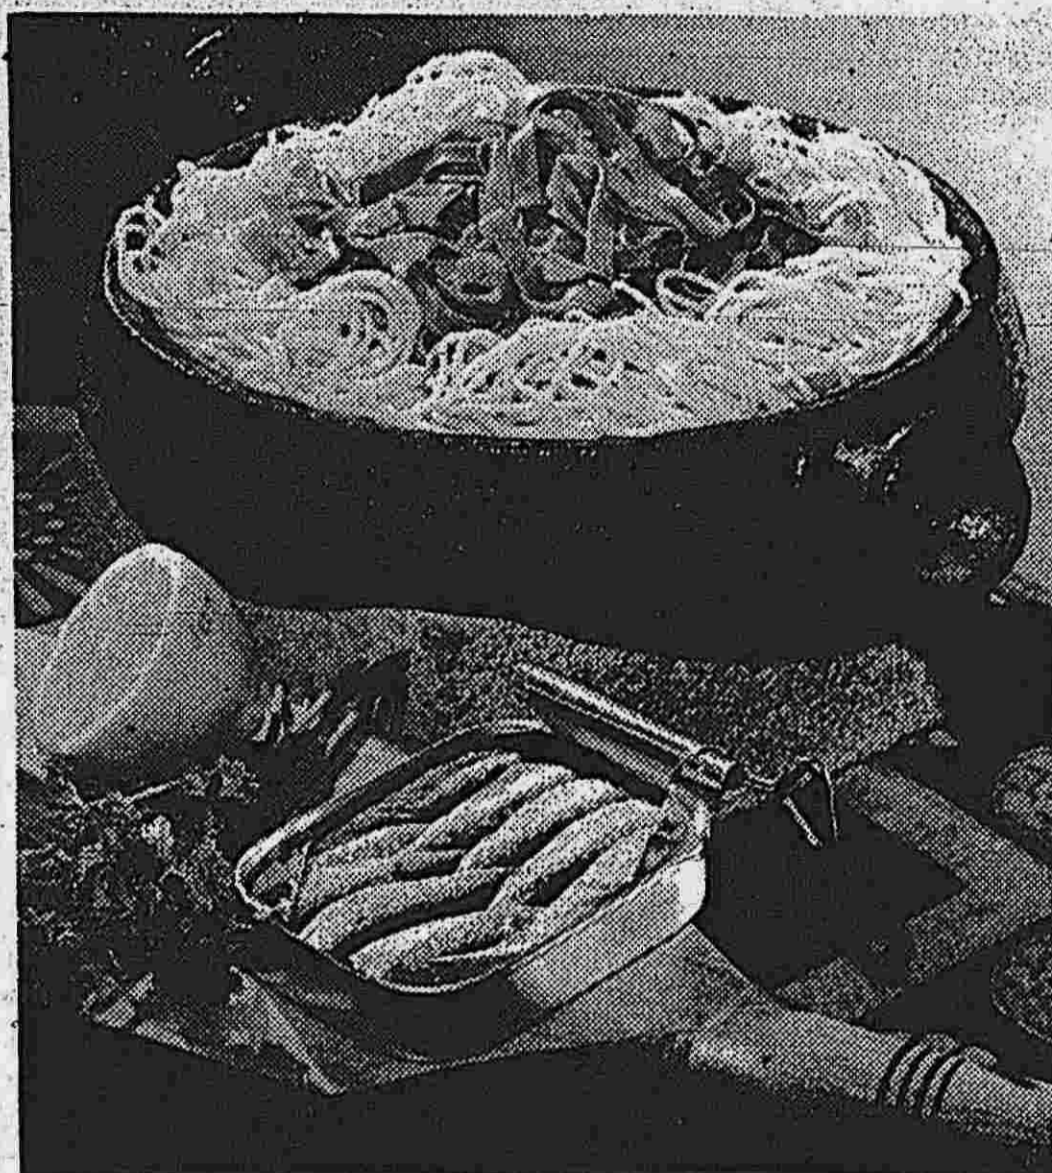

This should be an unusual program where people may learn surprising things about themselves.

Don't forget to bring materials for the Indian children Pre-school project.

REMINDER FOR CLUB PROJECT

All members of the Antioch Woman's Club are reminded to look around for any discarded boxes, bottles-plastic, colored papers, ribbon, fabric, magazines, scissors, crayons or any materials they can find for the Pre-school project for Indian children. Even ask your neighbors! Bring all materials to the next meeting on March 6th.

"Straw And Grass" ... Nordic Lenten Specialty

A popular Norwegian Lenten dish is this inspired version of the usual macaroni and cheese casserole. "Straw and Grass" is nutritious peasant economy that's uncommonly delicious!

Hot steaming noodles — green and white — are slathered with a tart lemon butter sauce and topped with savory Norwegian sardines and Parmesan cheese. The unique smoky flavor of the sardines from Norway adds a mellow-rich accent to the plentifuly-sauced pasta.

Here's one "noodle dish" that's bound to become a year-round favorite!

"STRAW AND GRASS" WITH NORWEGIAN SARDINES

- | | |
|-------------------------|---|
| 1 medium lemon | 1/2 pound green noodles |
| 1/4 pound butter | 1/2 pound spaghetti |
| 1/2 cup chopped parsley | 1 can (3 1/4 oz.) Norwegian sardines, drained |
| 1/2 teaspoon dill weed | Grated Parmesan cheese |
| Dash cayenne | |

Boil lemon in very salty water 10 to 15 minutes until tender. Cool. Cut in half and pull out membrane. Slice peel into thin slivers. Melt butter in a small saucepan. Add lemon peel, parsley, dill and cayenne. Cook noodles and spaghetti until just tender. Drain well and toss with lemon butter in a large bowl. Top with drained sardines and sprinkle with cheese. Makes 6 servings.

Antioch Mental Health Assn. to be on WZBN Radio

The Antioch Mental Health Association extends a warm invitation to all the women of our community to attend a special broadcast which will be aired on WZBN. The radio program will be taped at 12:30 p.m. Tuesday, March 7, 1972 at Lyttons in the Lakehurst Shopping Center. The topic will be "What You Have Wanted to Ask About Mental Health." The panel members will be a doctor, a mother of a hydrocephalic child and Mrs. Wright from the Grove School for Retarded Children in Lake Forest and Mrs. Daniel Marcus, Chairman of the Mental Health Cotillion.

One of the topics under discussion will be the hydrocephalic child. The word "hydrocephalic" may be taken literally. "Hydro" means water, "cephalic", means brain. This condition "water on the brain" is characterized by an enlarged head formation due to the accumulation of fluid in the skull of the child. The degree of retardation will vary

from child to child. Some hydrocephalic children perform at a fairly normal level, others are not able to function at all.

There are many aspects of this condition and certainly many problems that face the family of the handicapped child. The panel will welcome questions and audience participation. Let's make this a special and informative day for us all. For further details call, Joan Houlihan at 395-5521.

Out of my paint box... comes helpful hints gathered over the years of my dual careers as an artist and as a teacher. Whether you are a "Sunday Painter" or a professional, you never cease to learn. I constantly learn from my students. For example the first helpful hint I now pass on to you came from a former student of mine.

If you do not paint every day, oil paints dry on the palette in about a weeks time and must be discarded. Did you know you can freeze the left over gobs of paint indefinitely? Take them up from your palette with the palette knife and put them on a T.V. dinner tray, put the tray into a plastic food bag, tie tight and put in freezer. When you wish to paint again, take the paint out and be pleasantly surprised to find the gobs are again soft and useable in just a few moments.

Future articles will cover many topics dealing with

drawing and painting as well as framing and exhibiting. Do you have an art problem, or a helpful hint to pass on. Let's share them in this column.

Happy Painting...

Next week: "I Can't Even Draw a Straight Line."

EDITORS NOTE: New weekly columnist Jane Craner has an extensive art background. She received a B.A. from the Carnegie Institute of Technology in Pittsburgh, an M.S. from Northern Illinois University and has taught art in Pennsylvania. She is currently art instructor at the Antioch Community High School.

In addition, she has done murals, book illustrations, free lance and extensive portrait work. One of her portraits is of William Brook, Sr., founder of the State Bank of Antioch and hangs in the bank lobby.

Blue & Gold Dinner A Huge Success

On February 20th, 1972 the Antioch Cub Scout Pack No. 192 had their annual Blue and Gold dinner. It proved to be a very successful afternoon at the Oakland Grade School lunchroom. About 400 Cubs with their mothers, fathers, brothers, sisters, and relatives of all descriptions were in attendance.

The success was due not only to Ray Atwood and his volunteer helpers, but to several companies and organizations. I am referring to the State Bank of Antioch, The Chain-O-Lakes Kiwanis Club, foremost Liquor Store, and Antioch Lumber & Coal Co. Without their generous financial help the dinner could not have been held.

Speaking for Pack No. 192 and myself, many thanks to all for their efforts and generosity.

american legion auxiliary news

An Orientation Course for field service volunteers will be held at the Zion-Benton American Legion Home on March 10th, at 2:00 p.m. Mrs. Richard Stastny, Mundelein, district rehabilitation and veteran's affairs chairman of the 10th District American Legion Auxiliary, states that this course comes under the rehabilitation program. Mars Clark, Director of VAVS (Veterans' Administration Volunteer Services) at Downey Hospital will be the main speaker, plus a registered nurse from the hospital. This session has been arranged by Mrs. Elvera Read, Zion-Benton Unit, district volunteer field service chairman.

According to Mrs. Read, there is a great need for more volunteers. "Many long time VA patients are being transferred to nursing homes, to become prepared and oriented for their return to community life. Many of these patients are frightened by this aspect and need hope and encouragement to adjust to their environment. There are other veterans in homes or some form of institutional care, which is their permanent home. These veterans need to be remembered, and need someone who will have the patience to understand them and their apprehensions".

Mrs. Read concludes: "Volunteers must be screened as quality is wanted rather than quantity. They must be physically and emotionally suited to work with men and women who are mentally or physically ill, and with aging veterans. All volunteers must take the American Legion Auxiliary Orientation Course before 'working in the field'. This is a fairly new phase of the rehabilitation program. Non-members may work under the auspices of the American Legion Auxiliary, but must take this required orientation course first".

Certified Auxiliary women in the 10th District Auxiliary

who have already taken this course and given many hours of service include Mrs. Ann Solberg, Zion; Mrs. Phillip Strand and Mrs. Lovinna Brumm, both of Libertyville; and Mrs. Henry Reinke, Waukegan.

Mrs. Reinke is a former Past President of the Antioch American Legion Auxiliary No. 748, and is a former long-time Antioch resident.

Mrs. Ray Rathmann, Antioch Unit rehabilitation chairman, is planning to take this Orientation Course.

KNIGGE ATTENDING

INDUSTRIAL MANAGEMENT INSTITUTE

The Winter Term of the Certificate Program of the Industrial Management Institute at Lake Forest College opened with forty-two new participants representing twenty-one companies and corporations. Included in the new class is James R. Knigge, Antioch, Ill., employed as a designer by Expanda-Foam, Inc. in Antioch.

Participants in the middle management training program at the Industrial Management Institute are selected from the middle management of the business and industrial firms in the suburban Chicago area where they are employed in engineering, manufacturing and production, marketing and sales, operations and other varied departments.

The criteria used for admission to the IMI program are job performance and potential growth rather than formal academic requirements.

ADVENTURERS 4-H

CLUB HAS

BUSY MARCH

The Antioch Adventurers 4-H Club will be starting the month of March with a full calendar. March meetings will feature guest speaker Julio Sanchez and planning for the Share-the Fun activity. Julio will speak to the club about his native country of Costa Rica at the March 16th meeting.

March brings a special series of sewing meetings led by Mrs. Carolyn Van Patten. These meetings feature tips on tinting, trimming and designing clothes and fabrics. The next meeting will be held at the Antioch Methodist Church on March 9th at 7:30 p.m. Anyone interested may attend. February meetings featured different types of demonstrations and a safety hazard hunt. Bill Corey demonstrated the art of leathercraft; Doris Meuter provided refreshments through her demonstration on appetizers and Karen Kirschke showed how to polish rocks.

On March 5th the Antioch Adventurer boys will challenge Volo Agriculture 4-H Club in a basketball game at Emmons School.

Local Teacher Heads Committee For NEA Seminar

Mrs. Virginia Haass of Antioch, Illinois, a second grade teacher at Elmwood Elementary School in Zion, is chairman of the decorations committee for the Midwest Regional GRIP (Grass Roots Involvement Program) seminar being held at the Chicago Marriott

Motor Hotel (O'Hare Airport), February 24-26, under the sponsorship of the National Education Association.

In his opening-day speech, Ole Sand, NEA nationally recognized expert on instruction, called on the teaching profession to gear up the education system to humanize the schools and

meet the needs of an already radically altered society.

Dr. Sand also called for the establishment of teacher centers to give teachers continuing opportunity to renew and up-date their perspectives and skills to enable them to serve the needs of their students for a changing society.

The purpose of the conference is to bring together resources and people from local, state, and national levels to share action-oriented experiences which will result in ideas and plans which can be carried back to participants' local associations for implementation.

TROOP 92 ACTIVITIES ARE MANY

Boy Scout Troop 92 of Antioch started its 1972 camping season with a campout at Camp Jackson near Barrington. The camp, owned by the Northeast Area Council, features log cabins holding 24 boys each in triple-deck bunks. The boys thought the facilities resembled scenes from the television program "Hogan's Heroes."

Twenty-eight boys under the leadership of Norm Edwards assisted by Assistant Scoutmaster, George Bury, and committee men George Hall and Tom Aschbacher, attended the weekend outing. The theme for the outing stressed outdoor advancement with the boys passing scout requirements such as tracking, stalking, map making, hiking, wildlife and star identification.

After coaxing water from a frozen outside tap, cooking over a wood stove, feeding the fireplace and making night trips to the "building out back," one of the boys commented, "If this is like it was in the 'good ole days,' I'm glad I wasn't there."

The evenings were spent huddling near the fireplace

with the boys providing their own entertainment in the form of skits and community singing.

The troop plans a tent campout for March and will attend the U. S. Grant Pilgrimage at Galena in April.

WARRIORS

TO ATTEND

LAKERS GAME

The Sequoit Warriors held their February meeting during their project nite meeting in small engines.

At this meeting Mr. Buchta invited the boys to attend a Laker's basketball game against the Decatur Bullets. As this is a Semi-pro game the boys were happy to accept the invitation. After the conclusion of their meeting the boys practiced on their Share The Fun Skit. Next month the boys might take a tour to the Waukegan News Sun.

SEQUOIT SMOKE Signals

Looks like spring is just around the corner. Hurray! Don't let that spring fever catch hold of you too strongly though, especially when driving because there's been a lot of bad accidents lately.

Congratulations to all the people who participated in the music solo and ensemble contest at Warren Saturday. SUE BALL, CHRIS TAYLOR and the SWING CHOIR can all be especially proud of the superior rating they received.

We were all sorry to hear that CLIFF BODE lost his matches at the state tournament this weekend; however, he was up against really tough opposition, the defending state champion, and put up a real good fight!

The basketball game Friday night was Parents Night and the fighting SEQUOITS really put on a good show as they

took care of the Wauconda Bulldogs by a score of 61-43. It was a great way to finish the season! The team finished with a 10-4 record which put them in a tie with Grant for second place. We have a chance to get back at them (Grant) Tuesday night in the first game of regionals though!

Because of her steadfast, undying devotion to her team, through thick and thin, LINDA HELLER was awarded the title of MISS BASKETBALL. This award is given every year to the girl who has supported her team the most all the years she has been in this school. She is also usually the girl that loses her voice the most. Linda certainly does fulfill those requirements! Congratulations!

Monday during 2nd hour the members of the class executive boards were each assigned a room in order to explain more about the Student-Adult Rap Forum and the scheduling system being considered for next year. A system in which the students themselves pick their schedule is being tested for possible use next year.

Well, see you next week.

Firemen Host Ladies Night

The Antioch Fire Department held its annual Ladies night last Saturday at the Antioch Moose Home. A family style dinner was served to the 41 Firemen and their wives. Honored guests included Village Trustees, Village Treasurer, Building Inspector, Village Attorney, Chief of Police, and the Fire District Officials, and their wives.

Bernie Gutowski, one of the committee for the evening, started the program off by introducing the President of the Antioch Fire Dept, Dennis Volling. He, in turn, introduced the new firemen that have joined the Dept in the last year. They were, Hugo Holbeck, Ron Horton, George Pahlke, Jerry Erhardt, and Ed Jozefowicz. The following firemen were then mentioned for their years of service to the Dept.

30 yrs--Ed Frazier
25 yrs--Chief Tod Maplethorpe, Irv Walsh, Asst Chief

15 yrs--Bernie Gutowski, Chief Engineer, and Dave Nissen

10 yrs--Dan Kisk, Bill Carney, Frank Johnson, and Ray Gallaher

5 yrs--Dennis Volling

1 yr--Ken Watson

President Volling then presented committee member,

Jim Maplethorpe, who gave out six door prizes, that only the ladies were eligible for. Lucky winners received \$5 gift certificates at the "Carousel".

Jim also gave some special certificates to various firemen (and ladies) for their "achievements" throughout the year. These were of a very humorous nature.

To conclude the program, Frank Kuechenmeister, committee member, presented a trophy for the "Rookie of the Year". This was presented to Ken Watson. All the firemen voted for the one in their opinion who did the most for the Dept. for the past year. The "Fireman of the Year", Bernie Gutowski, was the one who received this honor and a trophy to show for it.

The highlight of the evening was the presentation of "Boner of the Year" award. Chief Engineer Gutowski again was the recipient, for his "skillful extraction of the exhaust system off the jeep, on the way to a grass fire." Tom Borla should have received a badge of courage, for riding along. And in retaliation, he saved and painted the muffler and presented it to Bernie as a memento.

The evening was concluded by dancing til the wee hours.

PET EMOTIONS

by: Raymond A. Minor, D.V.M.

Have you ever picked up your pet at the veterinarian's or the animal hospital, rushed him home only to find that, unaccountably, the pet appears still sick or otherwise upset?

Don't panic.

In my many years of practice I have found that the chances are it's a passing condition brought on by the happy act of reuniting pet with family - with too much emotion on both sides

and not enough planning on your part.

Remember, as your pet leaves the veterinarian's or the animal hospital, he'll be excited at again seeing loved ones from whom he's been separated. Next, he's confronted with a car ride, which could give rise to motion sickness. Finally, he can be overstimulated by the sights, smells and sounds of home -- and a possible surplus of food and water.

Too often the animal leaps and races, gulps food and water beyond his capacity, and ends up with a case of nervous vomiting or diarrhea.

I have found that if you follow a few simple rules, you can avoid these unpleasant conditions, protect the pets well being and make his homecoming a

Those running together on a team committed to President Nixon are ("L to R") Robert P. Will, Jr., Jeffery R. Ladd, John K. Rauschenberger and C.V. Amenoff.

Nixon Team

Four candidates for delegates and alternates to the Republican National Convention have announced the formation of a Nixon Team.

Jeffery Ladd of Crystal Lake, Robert P. Will, Jr. of Zion, John K. Rauschenberger of Elgin, and C. V. Amenoff of St. Charles are running together on a team committed to President Richard M. Nixon.

The group stated, "A united effort in the newly formed 13th Congressional District is essential to a Republican Victory in November. The Nixon team embodies that unity with one delegate from Lake County, one delegate from McHenry County, and two alternates from Kane County which will give our District's delegation geographical

balance, and will keep us close to all the people in the District."

Jeffery Ladd was a delegate to the Illinois Constitutional Convention and is on the Board of Governors of State Colleges and Universities. Robert P. Will, Jr., is the Chief Public Defender of Lake County and was an alternate delegate to the 1968 G.O.P. Convention. John K. Rauschenberger is a former Chairman of the Kane County Republican Central Committee and the owner of Rauschenberger Furniture Co. in Elgin. C. V. Amenoff is the Mayor of St. Charles and the editor of the St. Charles Chronicle. All four have been active in Republican campaigns over the years.

CARS LIKE IT WARM

If you find that your car isn't starting too easily these days, remember that batteries are weaker when the temperature is low. To offset this condition, the Chicagoland Better Heating-Cooling Council suggests that you add heat to your garage. For homes with hydronic (modern hot water heat) this can be very simple if the garage is attached to the house. By extending the heating from the room next to the garage you'll make sure that your car will be warm all winter.

Mrs. Kaufmann Honored For 30 Years Service

An award for 30 years of service to Lakeview Girl Scout Council was presented to Mrs. Louise Kaufmann at an appreciation dinner held last Thursday at the United Methodist Church in Waukegan.

Mrs. Kaufmann's scouting career began in Chicago, when she became a member of a troop committee for her daughter's troop. After moving to Antioch in 1944, she became a Girl Scout leader and served as leader

for Girl Scout and Brownie troops for the next 15 years, with as many as 40 and 50 girls in her troops at one time.

While in Antioch Mrs. Kaufmann was cookie chairman, neighborhood chairman and board member.

When the Lakeside Council in Antioch merged with the Waukegan-North Chicago Council in 1950, Mrs. Kaufmann became a board member at large for the new Lakeside Council, serving two terms on the board.

Loving Memory

In loving memory of our son and brother, Ted DeBoer, who lost his life so tragically on March 5, 1971.

He was gone before we knew it.

We couldn't even say goodbye.

He wished no one a last farewell,

And only God knows why.

Our hearts still ache with loneliness,

Our eyes shed many tears,

Only God knows how we still miss him,

At the end of one lonely year.

Sadly missed by:

Mom, Dad and

brothers, Dennis and

David.

Christian Science Churches

What an understanding of perfection can mean for mankind will be brought out at Churches of Christ, Scientist, this Sunday.

Opening the Scriptural readings in the Bible Lesson-Sermon on "Man" is this passage from Psalms: "Mark the perfect man, and behold the upright: for the end of that man is peace."

From Science and Health with Key to the Scriptures by Mary Baker Eddy this citation will be read: "The Christlike understanding of scientific being and divine healing includes a perfect principle and idea, — perfect God and perfect man, — as the basis of thought and demonstration."

Services at First Church of Christ, Scientist, BEACON HILL, Rte 173 & Harden, Antioch, begin at 11 A.M. They are conducted by Mrs. Evelyn Greer, First Reader, and Mrs. Mary Adams, Second Reader.

"WHAT IS A SCIENTIFIC STATEMENT OF BEING?"

Lee Phillip, hostess of the WBBM-TV "Lee Phillip Show," has agreed to continue serving as honorary chairman of the Friendship Program conducted by the Mental Health Association of Greater Chicago.

Lee Phillip Continues Mental Health Interest

Miss Lee Phillip, hostess of the WBBM-TV "Lee Phillip Show," has been reappointed honorary chairman of the Mental Health Association of Greater Chicago's Friendship Program.

Miss Phillip's interest in the program began in 1970 when she devoted a television show to the problems of mental illness and services available to the mentally ill. Struck by the plight of many patients who enter mental hospitals under emergency conditions, Miss Phillip made a plea for support of the Friendship Totes program which meets some of the patients' needs on admission. Totes are colorful, draw string, cloth

bags sewn by volunteers in their homes and clubrooms which serve as containers for personal belongings. They are filled with needed grooming items before distribution either by the person who has sewn them or by public contribution to the program.

Miss Phillip urges her listeners and the public at large to participate in the Friendship Program by sewing totes or making contribution of needed filler items, or both.

A pattern for sewing totes and information on volunteer service are available from the Mental Health Association of Greater Chicago, 407 South Dearborn St., Chicago 60605. (312-922-0703).

Grace Mary Stern To Speak At Oakland P.T.A. Meeting

Grace Mary Stern, County Clerk, will be guest speaker at the Oakland Grade School PTA meeting, March 6th. The school is located at the corner of Grass Lake and Deep Lake Roads, Antioch. The meeting is scheduled for 7:30 p.m. Mrs. Stern will speak about her experiences in county government, emphasizing the importance of the various elections this year.

Channel Lake and Antioch PTA's will be guests at the meeting. All interested persons are invited to attend.

Oakland PTA's nominating committee will present a slate of candidates for election to PTA office for 1972-73.

Nominations will be opened from the floor, and elections will be held at the May PTA meeting.

Other business will include plans for Oakland's Fun Festival, scheduled for Sunday, March 19. Co-Chairmen for the project are Ralph Montrimas, Jay Richardson, and "Kip" Smith. The festival will be much the same as last year, with the exception of several new and different games.

Mr. Ron Marten, Oakland Principal, has informed the PTA that the Parent-Teacher conferences held in January were successful. Both parents and teachers are in favor of holding more such conferences.

"UGLY DACHSHUND"

MOVIE

AT CHANNEL LAKE

The Channel Lake PTA will present another movie on March 3rd, immediately following school. For 50 cents children can see the "Ugly Dachshund" and be served refreshments at intermission. Preschoolers accompanied by an adult are cordially welcome. Tickets will be sold in school for the students and at the door for others. As usual, everyone must arrange for their own transportation if one cannot walk home from the school building.

On March 6th, Channel Lake PTA joins with a joint meeting at the Oakland building. The business meeting is at 7:30 P.M. with the program starting at 8:00 P.M. Grace Mary Stern will be the speaker explaining Voter Registration. It should be a very informative evening. Everyone is invited to attend.

TRANSFERING MADE EASIER AT NORTHERN

Students graduating from community colleges in Illinois will find it easier to be admitted to Northern Illinois University as a result of action taken recently by the university's academic policy-making body, the University Council.

The council has approved a policy which will allow junior college students to enter Northern with junior class standing if they have completed an associate of arts

degree with at least 60 hours of credit.

The prospective transfer student will also have to have at least a "C" average.

The new admissions policy will be effective for admissions this fall.

Previously, Northern had attempted to deal with community colleges on an individual basis. That system had resulted in some junior college transfer students taking additional courses at NIU to meet Northern's requirements.

DRUG ABUSE COMMITTEE PLANS MOBILIZATION OF EFFORTS

The Drug Abuse Committee which was planned and organized by Sheriff Orville "Pat" Clavey will meet on Wednesday, March 1, 1972, at 9:30 A.M., in the Holiday Inn on Grand Avenue in Gurnee. It is the second meeting for the committee members who will discuss the mobilization of efforts needed for the implementation of activities which the committee plans to undertake.

What is needed is more information on drug abuse and methods of teaching in the interest of proper attitudes for all of our citizens. This instruction might be accomplished through the use of news media education and by making parents and young

people aware of the problem through programming in schools to provide information about the effects of drugs and the social, legal, and personal consequences of drug abuse. Law enforcement personnel from the Sheriff's Department with relevant experience will be used in presenting a balanced approach to drug education, the Sheriff said. The agenda for the meeting will include

discussion on the need for drug education, the anticipated goals of drug education, possible educational approaches which the members will examine for future reference.

did help us."

According to Mrs. Holbert, the day's activities netted the library fund over \$1100.

The money was raised by a variety of booth games, a cake walk and the opportunity to throw darts at the picture of a school administrator.

One of the big fund raisers was a raffle with prizes donated by local merchants.

Mrs. Holbert had a special word of praise for the many P.T.A. members, husbands and wives who gave their time and "helped us so much."

Hundreds of area people turned out Sunday to contribute their dimes and dollars to the Antioch Grade School's "Fun Fair."

The "Fun Fair" was set up to raise funds for desperately needed library book carts.

Mrs. Gloria Holbert, Grade School P.T.A. President called the fair a "big success. I couldn't even begin to count the number of people who came. All I can do is give our thanks to all the people who

Bode Loses in Bid for Wrestling Title

CLIFF BODE reached the end of the line last weekend as he lost in his bid for a State Wrestling Title.

Bode was defeated in his first round match by a 7-4 score in overtime. The victory in this hotly contested match was by Rick Torres, a Senior from Lake Park High School.

Varsity wrestling Coach, Ted De Rousse said that Bode has nothing to be ashamed of. "He wrestled real well and lost to a good man." Torres wrestled well enough to earn a fourth place birth, Statewide, in the 98 pound class.

Bode thus ends his varsity wrestling career. But in doing

so the talented Senior chalked up quite a record for others to shoot at. Bode finished with 21 wins, 5 losses and a tie. Most wins for the Squad.

Bode was accompanied to Bloomington by De Rousse and other members of the varsity squad. De Rousse commented that many of the younger wrestlers were greatly impressed by the size and pagentry, but thought the winners used no "miracle moves to win, just good, sound, fundamental techniques." "The boys really got 'psyched' to come here on their own," De Rousse said, "I don't know if I'll be able to hold them back next season."

Soph Invitational

Tourney Saturday

The Sophomore basketball team, Coached by Norm Hahn, will be hosting an Invitational Tournament this Saturday, March 4 starting at 12:30 in the high school gym.

First game, Stevensen vs Libertyville. At 2 p.m. Antioch will take on the Harvard team. The losers will play a consolation game at 7 p.m.,

followed by the championship game.

Hopes are high for our Sophomores, as they have finished the season in second place in the conference. These teams will be a challenge, as they have not played each other this year.

A small admission will be charged to help defray the cost of the tournament.

Come out and help support our future Varsity Sequoits.

Sophs Upset by Wauconda

Antioch Sophomores ended their conference season on a sour note, dropping apathetic game to the Bulldogs of Wauconda 41-35. The lethargic performance of the home team certainly was their worst effort of the year. The score at halftime was 24-8 as Antioch could connect on only 4 of 25 shot attempts, for a miserable 16%. The lack of mental attitude and concentration was apparent as the Sequoits simply went through the motions on both offense and defense.

Coach Norm Hahn started a revised lineup as he felt several members of the team had not shown the proper hustle and desire during the week's practice sessions. Only one member of the team--Freshman Larry Smith--was able to put any kind of a performance together. Smith scored 19 points, all in the second half. Mike Gutowski, generally the most consistent player and second leading scorer, failed to score.

Coach Hahn was disgusted with the play of his team. He

felt the failure of the players to prepare themselves mentally was the big reason for the upset. The win was only the second of the season for the Bulldogs.

Antioch's final conference record was 10 wins and 4 losses.

This Saturday the Sequoits

get a chance to redeem themselves and finish the season on a winning note as they host a four team tournament. Antioch plays Harvard at 2 P.M. after a game matching Stevenson and Libertyville at 12:30. Winners and losers meet in a night session beginning at 7 P.M.

Part of St. Peter's eighth grade cheerleader corps are shown above. They are: Back row ("l to r") Chris Walpole and Michelle Roth. Front row: Debbie Hunt and Sue Parenik.

Not present for the photo were: Debbie Calthamer, Barb Hanson, Kathy Koob and Nancy Springer. (Staff Photo).

ST. PETE'S 8th GRADERS ADD TO TROPHY CASE

St. Peter's has more than one team to earn praise and polished chrome on the basketball court this year. Over the Christmas holidays the eighth grade cagers took third place in the North West Catholic Conference Tournament.

After a first round defeat at the hands of Waukegan Spaulding the Bernie Gutowski and Marty Zupan led eighth graders stormed back, winning three in a row to take the consolation bracket and a third place berth.

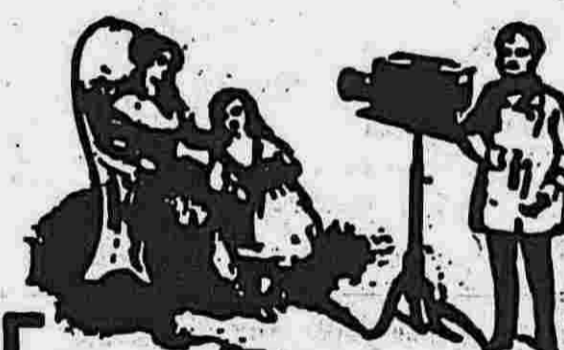

The victories were over Holy Family, Mother of God and Our Lady of Humility and sealed the verdict that sent the

team home with some hardware for the trophy case.

Coach Bernie Gutowski said his eighth graders had had their ups and downs this season.

"We've taken some real beatings. But then our league is a lot tougher than the one in Waukegan. We've really held our own over there."

The eighth graders are 3 - 9 in league play and 10 - 18 overall.

Sequoits Maul Wauconda 61-43

A "Parents Night" crowd and last home appearance for graduating Seniors was more than enough incentive as a fired-up Sequoit Squad bombarded hapless Wauconda 61-43.

While the point spread was large Antioch had to fidget through a few tense moments when the Bulldogs narrowed the gap to four points early in the fourth quarter. But Wauconda was guilty of an attack of "foulitis" and saw their hopes die at the charity stripe. Antioch registered its last 16 points via the freethrow.

Coach Roger Andrews said he was very pleased with his team's last performance prior to the regionals.

"I was well pleased with the way we played, especially on defense. Wauconda didn't have a single man in double figures and made only a third of their shots."

On the shaky fourth quarter Andrews answered, "We were guilty of a lapse in the fourth quarter and they came up, but the kids played our game not theirs and we held them to just four points over the last six and a half minutes."

The Sequoits came out on fire rattling off 6 straight points and carrying a 20-6 lead into the second quarter.

While Wauconda did provide a momentary score, Andrews felt his team was never in really serious trouble as they made the early lead stand up in the end.

All of Antioch's 15 varsity cagers saw action in the regular season finale with eight getting on the board.

The Sequoits appear to be totally readjusted to the presence of Tim Mieure. At points during the last two games, the Sequoits have resembled the team that was 10-2 at the season's half-way mark. They finished 16-9 overall.

Mieure pitched in 19 points, followed closely by Pat Michalak with 16 and Mark Andrew's 14.

The night was highlighted by the annual "Parents Night" activities. Parents were introduced as their son stepped forward. Cheerleader parents were also lauded. All parents were presented with commemorative carnations

prior to the game.

Because of the publication deadline we cannot cover Tuesday night's regional opener, but look to these pages for a comprehensive rap-up next week.
